Dear Madam:

The National Water Resources Board (NWRB) is the national government agency responsible for coordinating and integrating all activities related to water resources development and management. Among its objectives is to achieve a scientific and orderly development and management of all water resources of the country consistent with the principles of optimum utilization, conservation and protection to meet present and future needs.

In this connection, we are currently in need of graduates of Bachelor of Science in Civil, Agricultural, and Mechanical Engineering preferably with R.A 1080 who will be part of the team in undertaking the monitoring compliance of water permit grantees and inventory of water users in the area. Applicants shall be assigned in various provinces in Luzon and Visayas as presented in the attached Notice of Vacancy.

In view of the foregoing, may we ask your good office for the posting of the said Notice of Vacancy in your office bulletin board for the information of interested applicants.

Thank you and hoping for your support and cooperation.

Very truly yours,

**DR. SEVILLO D. DAVID, JR.**

Executive Director
